B. W. Goodfellow

during the harvest season, E. S. Brigham, commissioner of agriculture, working with the committee of public safety and the agricultural extension service of the University of Vermont, has caused a canvass of the labor situation in this state to be made with a view to securing additional farm labor for the harvesting of the season's crops. Many of the larger employers of labor, in both the railroad and manufacturing industries of the state, have been interviewed regarding the possibility of releasing a portion of their help to the farmers in the harvest season, and without exception, it has developed in every instance that to do so will seriously cripple their own plants. In fact, the railroads and industries of the state would take on a good many hundred additional hands if same could be procured. The investigation has satisfied the departments interested in making it that there is no possibility of procuring extra farm labor from any of the sources canvassed.

The situation also demonstrates the fact that labor of all kinds is one of the scarcest commodities in the market today, and if the farmers get sufficient help to harvest their crops, volunteer labor will have to be enlisted. The farmers should, however, take into consideration the fact that neither commissioner of agriculture, the committee of public safety nor the University of Vermont extension service can create help offhand and that it is going to be a difficult matter to secure it from any source. The labor conditions emphasize the necessity of the farmers being willing to put up with such help as can be obtained.

Therefore, in view of the situation, a call for 5,000 volunteers in the Vermont farm guard is hereby made and it is urgently requested that all retired farmers, rejected applicants for enlistment in the army and navy, vacationists, unem-

A. J. Stewart, carriage maker, 24-26 Prospect street, Barre, says: "Some years ago, I suffered from an injury with my back, which left my kidneys weak. I have been troubled more or less since then with the kidney secretions. They have been off color and have generally contained sediment. My back has been quite painful at times, and sharp pains have run up and down my spine. I have always used Doan's Kidney Pills on such occasions, and they have always given satisfactory relief."
